### TO HELP CLOSE REVENUE GAP

**USPS PRICE CHANGE REQUEST EXPECTED TO GENERATE \$3 BILLION IN FY 2012**

**July 7** — Facing a projected deficit of nearly \$7 billion next fiscal year, the Postal Service continues to aggressively pursue its action plan — outlined by PMG Jack Potter in an announcement March 2 — to help USPS close a financial gap resulting from the economic recession, unprecedented declines in mail volume, increased use of electronic communications and USPS obligations to prepay retiree health benefits.

“ This proposal is moderate and reasonable and carefully evaluated for its effect on our customers. ”
